

To the Management:

This is a notice that your establishment has been evaluated on its standards of inclusiveness and diversity, specifically regarding gender, sexualization, and racial diversity, by an everyday guest. This evaluation will be posted online and will be publicly accessible at the address <http://FEDUPYEG.wordpress.com> within the next several days.

The project **F.E.D. U.P.** seeks to address prominent issues of discrimination within the service industry by publishing online assessments of restaurants and eateries in and outside of the Edmonton area - through these public evaluations, we hope to set a new standard of accountability for the industry and encourage the public to make conscious, informed decisions on where to bring their business. These evaluations are done based on the observations of self-appointed volunteers who actively have chosen to consider the values and actions of the establishments they give their time and money to.

If you wish to weigh in on your policies regarding gender and racial inclusiveness and discrimination, dress codes, workplace harassment, or any other subject you find applicable, or if you have further inquiries regarding this project, please contact us at FEDUPYEG@gmail.com. We would be happy to hear from you and answer any questions or concerns you may have.

Best regards,

F.E.D. U.P.
